

ST EDWARD'S
COLLEGE
LIVERPOOL

18 November 2024

To: All Parents

Dear Parents,

MOVEMBER (REF 076/24)

Some of you may find the following difficult to read.

- 3 out of 4 suicides in the UK are men
- 1 in 8 men in the UK will be diagnosed with prostate cancer.
- Testicular cancer is the most common cancer in men aged 15-34.
- Globally, men die 5 years earlier than women.

Why am I telling you this? Well, this year we have a team of 'Mo-Bros' who are trying to grow a moustache in November to spark conversation, share important messages and support a cause that impacts everyone.

We are raising funds to make a lifesaving impact. Each member of the Mo-Bro team is growing a proud moustache and giving up valuable school time to open conversations with pupils and colleagues around the topics above. We would greatly appreciate your support for our cause and would ask that you donate to our cause via the link.
